Heavy-vehicle share (very high)
Weather (heavy rain)
Heavy-vehicle share (high)
Behavioral stochasticity (high)
Driver desired headway (high)
Demand scale (low)
Heavy-vehicle share (middle)
Weather (rain)
Signal lost time (high)
Acceleration (low)
Minimum gap (high)
Signal green duration (long)
Deceleration ability (low)
Maximum speed (low)
Bottleneck speed constraint (speed drop)
Maximum speed (high)
Deceleration ability (high)
Minimum gap (low)
Demand scale (very high)
Acceleration (high)
Lane-control variant
Signal coordination offset (mismatch)
Demand scale (high)
Behavioral stochasticity (low)
Signal green duration (short)
